## LOGO USE & EXCLUSION ZONES

### Exclusion Zone

The 'exclusion zone' refers to the area around the Harvest logo that should remain free of content to ensure the logo is not obscured. As the diagram indicates, the 'exclusion zone' is half an inch (1/2").

### Application and Size:

The Harvest Logo should not be typeset; use only approved artwork. EPS, Colour and Black and White versions are available for use. The logo must not appear smaller than 2 inches in width to maintain legibility. The tag can be removed for small spaces.

Reverse colour application:

When the logo appears on a colour background, the type remains white. The wheat may remain Harvest colours or appear in all white.

Reverse Black and White application:

When the logo is set on solid background, the same rules apply.
